Welcome to your new DokuWiki

Congratulations, your wiki is now up and running. Here are a few more tips to get you started.

Enjoy your work with DokuWiki,
– the developers

Create your first pages

Your wiki needs to have a start page. As long as it doesn't exist, this link will be red: [start](#).

Go on, follow that link and create the page. If you need help with using the syntax you can always refer to the [syntax page](#).

You might also want to use a sidebar. To create it, just edit the [sidebar](#) page. Everything in that page will be shown in a margin column on the side. Read our [FAQ on sidebars](#) to learn more.

Please be aware that not all templates support sidebars.

Customize your Wiki

Once you're comfortable with creating and editing pages you might want to have a look at the [configuration settings](#) (be sure to login as superuser first).

You may also want to see what [plugins](#) and [templates](#) are available at DokuWiki.org to extend the functionality and looks of your DokuWiki installation.

Join the Community

DokuWiki is an Open Source project that thrives through user contributions. A good way to stay informed on what's going on and to get useful tips in using DokuWiki is subscribing to the [newsletter](#).

The [DokuWiki User Forum](#) is an excellent way to get in contact with other DokuWiki users and is just one of the many ways to get [support](#).

Of course we'd be more than happy to have you [getting involved](#) with DokuWiki.
